Blood Vow Nov 18 2019 The coming of the Blood Moon will lead two Lycan packs into war, spur two rival brothers into conflict, and spark an act of vengeance so evil that its effects will be felt for generations. One woman stands at the center of it all... A volatile mix of both Lycan and Slayer, half-breed Falon is Alpha female of her pack, marked by both Lucien and Rafael—rival Alpha brothers that share equal hold on her heart. The revelation throws her relationship with both brothers into chaos. Falon begs them not to condemn her for her father's deeds. She realizes before her Alpha mates that they are destined to be one and pleads with them to accept the unusual triangle. Red Moon Rising Jul 27 2020 From the Upper Room of Pentecost to Azusa Street in Los Angeles, God has used prayer movements throughout history to change the world. Over fifteen years ago, a group of students gathered for a prayer vigil in Chichester, England—and the prayers they started haven’t stopped. Out of that first meeting came 24-7 Prayer: an international movement of prayer, mission, and justice that has reached Chinese underground churches, Indian slums, Papua New Guinea jungles, ancient English cathedrals, and even a brewery in Missouri. Red Moon Rising is the story of how that movement continues today—and how each of us can be a part of the miracles God is doing through a new generation.

Four Blood Moons Feb 20 2020 "...There will be signs in the sun, in the moon, and in the stars...Now when these things begin to happen, look up and lift up your heads, because your redemption draws near." Luke 21:25a, 28 It is rare that Scripture, science, and history align with each

other, yet the last three series of Four Blood Moons have done exactly that. Are these the "signs" that God refers to in His Word? If they are, what do they mean? What is their prophetic significance?

Full Moon Rising Apr 23 2020 In this exciting debut, author Keri Arthur explodes onto the supernatural scene with a sexy, sensuous tale of intrigue and suspense set in a world where legends walk and the shady paths of the underworld are far more sinister than anyone envisioned. A rare hybrid of vampire and werewolf, Riley Jenson and her twin brother, Rhoan, work for Melbourne’s Directorate of Other Races, an organization created to police the supernatural races—and protect humans from their depredations. While Rhoan is an exalted guardian, a.k.a. assassin, Riley is merely an office worker—until her brother goes missing on one of his missions. The timing couldn’t be worse. More werewolf than vampire, Riley is vulnerable to the moon heat, the weeklong period before the full moon, when her need to mate becomes all-consuming.... Luckily Riley has two willing partners to satisfy her every need. But she will have to control her urges if she’s going to find her brother....Easier said than done as the city pulses with frenzied desire, and Riley is confronted with a very powerful—and delectably naked—vamp who raises her temperature like never before. In matters carnal, Riley has met her match. But in matters criminal, she must follow her instincts not only to find her brother but to stop an unholy harvest. For someone is doing some shifty cloning in an attempt to produce the ultimate warrior—by tapping into the genome of nonhumans like Rhoan. Now Riley knows just how dangerous the world is for her kind—and just how much it needs her. BONUS: This edition contains an excerpt from Keri Arthur's Kissing Sin.

Blood Moon Feb 02 2021 An astonishing untold story from the

nineteenth century—a “riveting...engrossing...‘American Epic’” (The Wall Street Journal) and necessary work of history that reads like *Gone with the Wind* for the Cherokee. “A vigorous, well-written book that distills a complex history to a clash between two men without oversimplifying” (Kirkus Reviews), *Blood Moon* is the story of the feud between two rival Cherokee chiefs from the early years of the United States through the infamous Trail of Tears and into the Civil War. Their enmity would lead to war, forced removal from their homeland, and the devastation of a once-proud nation. One of the men, known as The Ridge—short for He Who Walks on Mountaintops—is a fearsome warrior who speaks no English, but whose exploits on the battlefield are legendary. The other, John Ross, is descended from Scottish traders and looks like one: a pale, unimposing half-pint who wears modern clothes and speaks not a word of Cherokee. At first, the two men are friends and allies who negotiate with almost every American president from George Washington through Abraham Lincoln. But as the threat to their land and their people grows more dire, they break with each other on the subject of removal. In *Blood Moon*, John Sedgwick restores the Cherokee to their rightful place in American history in a dramatic saga that informs much of the country’s mythic past today. Fueled by meticulous research in contemporary diaries and journals, newspaper reports, and eyewitness accounts—and Sedgwick’s own extensive travels within Cherokee lands from the Southeast to Oklahoma—it is “a wild ride of a book—fascinating, chilling, and enlightening—that explains the removal of the Cherokee as one of the central dramas of our country” (Ian Frazier). Populated with heroes and scoundrels of all varieties, this is a richly evocative portrait of the Cherokee that is destined to become the defining book on this extraordinary people.

Blood Moon Rising May 17 2022 This is a black heritage children's series novel about three young boys who are the closest of friends. Their friendship and love for the game of marbles created a bond that held them together. The story takes place before the Civil Rights movement.

Segregation dictated their life. They lived across the railroad tracks where life was a challenge. The schools they attended had crowded classrooms with two grades being taught in one room. The books they were taught from were second hand. They could not use the public library. Their living conditions reflected the era where poverty was widespread. But in spite of it all they succumb the inferior education and living conditions to become scholars and leaders in the field of medicine.

One of the boys became Dr. Charles Drew, a leader in the preservation of blood. Dr. Daniel Hale Williams became a pioneer in operating on the human heart. The third boy was a victim of polio. Through their bold efforts and persistence to stay the course to fulfill their goals they became scholars and leaders.
