A New York Times bestseller! The historic race that reawakened the promise of manned spaceflight A Finalist for the PEN/E. O. Wilson Literary Science Writing Award Alone in a Spartan black cockpit, test pilot Mike Melvill rocketed toward space. He had eighty seconds to exceed the speed of sound and begin the climb to a target no civilian pilot had ever reached. He might not make it back alive. If he did, he would make history as the world's first commercial astronaut. The spectacle defied reason, the result of a competition dreamed up by entrepreneur Peter Diamandis, whose vision for a new race to space required small teams to do what only the world's largest governments had done before. Peter Diamandis was the son of hardworking immigrants who wanted their science prodigy to make the family proud and become a doctor. But from the age of eight, when he watched Apollo 11 land on the Moon, his singular goal was to get to space. When he realized NASA was winding down manned space flight, Diamandis set out on one of the great entrepreneurial adventure stories of our time. If the government wouldn't send him to space, he would create a private space flight industry himself. In the 1990s, this idea was the stuff of science fiction. Undaunted, Diamandis found inspiration in an unlikely place: the golden age of aviation. He discovered that Charles Lindbergh made his transatlantic flight to win a \$25,000 prize. The flight made Lindbergh the most

famous man on earth and galvanized the airline industry. Why, Diamandis thought, couldn't the same be done for space flight? The story of the bullet-shaped SpaceShipOne, and the other teams in the hunt, is an extraordinary tale of making the impossible possible. It is driven by outsized characters—Burt Rutan, Richard Branson, John Carmack, Paul Allen—and obsessive pursuits. In the end, as Diamandis dreamed, the result wasn't just a victory for one team; it was the foundation for a new industry and a new age. Distinguished expert in vaccine development John Rhodes tells the story of the first approved COVID-19 vaccines and offers an essential, up-to-the-minute primer on how scientists discover, test, and distribute vaccines. As the COVID-19 pandemic has affected every corner of the world, changing our relationship to our communities, to our jobs, and to each other, the most pressing question has been—when will it end? Researchers around the globe are urgently trying to answer this question by racing to test and distribute a vaccine that could end the greatest public health threat of our time. In *How to Make a Vaccine*, an expert who has firsthand experience developing vaccines tells an optimistic story of how three hundred years of vaccine discovery and a century and a half of immunology research have come together at this powerful moment—and will lead to multiple COVID-19 vaccines. Dr. John Rhodes draws on his experience as an immunologist, including working alongside a young Anthony Fauci, to unravel the mystery of how vaccines are designed, tested, and produced at scale for global deployment. Concise and accessible, this book describes in everyday language how the immune system evolved to combat infection, how viruses responded by evolving ways to evade our defenses, and how vaccines do their work. That history, and the pace of current research developments, make Rhodes hopeful that multiple vaccines will protect us. Today the complex workings of the immune system are well understood. The tools needed by biomedical scientists stand ready to be used, and more than 160 vaccine candidates have already been produced. But defeating COVID-19 won't be the end of the story: Rhodes describes how discoveries today are also empowering scientists to combat future threats to global health, including a recent breakthrough in the development of genetic vaccines, which have never before been used in humans. As the world prepares for a vaccine, Rhodes offers a current and informative look at the science and strategies that deliver solutions to the crisis. (Applause Books).

What does a "producer" actually do? How does one travel from that great idea for a show to a smash hit opening night on Broadway? John Breglio cannot guarantee you a hit, but he does take the reader on a fascinating journey behind-the-scenes to where he himself once stood as a child, dreaming about the theatre. Part memoir, part handbook, *I Wanna Be a Producer* is a road map to the hows and wherefores, the dos and don'ts of producing a Broadway play, written by a Broadway veteran with more than 40 years of experience. This comprehensive and highly informative book features practical analysis and concepts for the producer and is filled with entertaining anecdotes from Breglio's illustrious career as a leading theatrical lawyer and producer. Breglio recounts not only his first-hand knowledge of the crucial legal and business issues faced by a producer, but also his experiences behind the scenes with literally hundreds of producers, playwrights, composers, and directors, including such theatre luminaries as Michael Bennett, Joe

Papp, Stephen Sondheim, Andrew Lloyd Webber, Patti Lupone, August Wilson, and Mel Brooks. Whether you are a working or aspiring producer, an investor, or are just curious about the backstage reality of the theater, Breglio shares his knowledge and experience of the industry, conveying practical information set against the real-life stories of those who have devoted their lives to the craft. Want to change the world? Did you know You Were Made to Make a Difference? This adaptation of *Outlive Your Life* for teens offers practical tips youth can take out into their community to make a difference, plus real-life stories about those who have done just that. Teens learn that God can use them to make a difference right now. He wants to use them today, without waiting for them to be older, stronger, richer, or even more “together.” God can use their minds, their spirits, and their hands and feet to make permanent change for His kingdom. Also included are valuable resources, interesting facts about the needy in the world and how little it takes to make a big difference, and other interactive elements such as journaling opportunities for writing personal ideas and service goals. Teens will learn that their role in life is bigger than themselves, and that they’re not too young to make a difference for God. Meets national education standards. Easy-to-follow instructions for knotted bracelets with embroidery floss. Colorful bracelets are fun for kids and teens! Friendship knows no boundaries—it covers the world. It comes in all languages. The idea of making a bracelet to celebrate and share friendship began in Central and South America. The legend of the wish began with the bracelets: One person makes a bracelet and ties it around the arm of a friend, who makes a wish. When the bracelet falls off by itself, the wish will come true! Friendship Bracelets 101 is filled with all the basics you need to get started making friendship bracelets. Color photos and step-by-step instructions make it easy for the beginner, and a variety of fun designs and knots will keep you learning and creating. Step-by-step instructions Clear knotting diagrams Inspirational color photos of finished bracelets Learn to make bracelets, headbands, barrettes, coin purses, and keychains Patterns for braiding chevrons, stripes, waves, zigzags, diamonds, and more Inexpensive, easy-to-find embroidery floss and cotton thread are all the materials you need Make a unique gift to share with friends at school or church, or with your club or team mates, with Friendship Bracelets 101! To make a bird, you'll need hundreds of tiny, hollow bones, so light you can barely feel them on your palm, so light they can float on air. Next you'll need feathers, for warmth and lift. There will be more besides - perhaps shells and stones for last touches - but what will finally make your bird tremble with dreams of open sky and soaring flight? This picture book shows how even the smallest of things, combined with wonder and a steady heart, can transform into works of magic. What goes into making a life successful and what does success mean? If you think about a life as a chemical equation, then the elements are obvious: family, work, purpose. The key is discovering how to get the balance just right. In *To Make a Difference*, Montreal entrepreneur and philanthropist Morris Goodman shares his personal and professional prescription for success and enduring happiness. Born in 1931 in Montreal to Ukrainian immigrants during the worst days of the Great Depression, Goodman recounts the events, strategies, and lucky breaks that led to a thriving company and a life of philanthropic accomplishments. From his first job as a pharmacy delivery boy to his graduation from

the University of Montreal's Faculty of Pharmacy - when he had already started his own pharmaceutical company - through the crucial moments that created an international business, Goodman depicts stirring accounts of Montreal's Jewish community and the development of the global pharmaceutical industry. Along the way, he presents vivid, generous portraits of colleagues and business collaborators. *To Make a Difference* is a powerful rags-to-riches story but it is also much more - it is a heartfelt, candid, and inspiring exploration of what makes our lives rich, what we value, and why. An inspiring and informative illustrated guide to publishing with a clear and concise text from Becky Davies and characterful, approachable illustrations from Patricia Hu. Do you think it would be cool to have a job where you make books? Have you ever wondered how a book is made? Wonder no more! This illustrated guide of creating a full colour children's book is suitable for children, publishing and bookselling professionals, artists and authors - it is perfect for ANYONE who wants to see how a book is made! The ideal follow-up for children who love to write and draw their own stories. My name is *How To Make A Billion Leones From Home*, and I am a book. Not any old book. A special book! I am special; not because I was written to make you wealthy, which I was. Ohh no! I have the special distinction of having been written with Sierra Leone in mind. You see, relative to the total number of books written every year, not many books are written with Sierra Leone in mind. So, I am chuffed to be alive and in your hands right now. Really chuffed!!! You give me life! How do you make a picture book? Well, you need an author, an illustrator, and . . . a dog?! Acclaimed author Chris Barton and his trusty pooch Ernie show readers how to make a nonfiction picture book . . . about Ernie! From coming up with ideas, researching, and writing a first draft to finding the perfect illustrator, deciding what goes on the cover, and getting every last word—er, word just right, you'll see how a book is made from beginning to end. From acquisitions and editing to graphic design and dog treats, find out what's required to bring a book to life. This title perfectly blends how-to and humor for an informative look at book publishing. And look, this is part of the marketing step! She holds the key to his heart, and he wants it back. When Arie reveals her Gift, she thinks the worst is over. But she couldn't be more wrong. The only one who can save her now is a mermaid named Rena. Rena is the youngest daughter of the Sea King, and she's dreamed of the surface for years. But her first visit on her 16th birthday isn't what she expects. She watches a Jinni fall from the sky—and chooses to save him, despite her mother's warnings that all Jinn are evil. Once she meets Gideon, she can't get him out of her mind. And maybe, with a little help from Arie and some magic of her own, she doesn't have to... The Jinni Key is a loose "Little Mermaid" retelling. Set in a world that humans share with mermaids, dragons, and the elusive Jinn, this is not the fairytale you remember... If you enjoy fantasy worlds, magical races, and surprising spins on classic fairy tales, then you'll love this enchanting retelling of *The Little Mermaid*. WHAT READERS ARE SAYING: "There was very little that I predicted, when there was a moment of loss I truly felt it, and I loved the unique spins she placed on the well-known *THE LITTLE MERMAID* tale." Rachael Martin (Goodreads Reviewer) "I went

into this story super excited to find out more about Rena and Arie, and I was left unable to wait for the next book! I seriously read this book in one sitting (which left everything aching, but so worth it!). I absolutely loved The Stolen Kingdom, and book two did not disappoint. The Jinni Key's world-building was actually one of my favorites, so complex and detailed and very fun." Sarah Sutton (Goodreads Reviewer) "I couldn't even put the book down because I had to know what happened... These are the kind of retellings that I love because while the base story is weaved in there lightly the story doesn't rely on The Little Mermaid. It goes so far past that and you are invested in everything that is happening..." Katelyn Spedden (Goodreads Reviewer) "There is so much action going on in this book and as the story moved on, the stakes kept getting higher and higher - I couldn't put it down (read it in a few hours) and I can't wait to read the next book in the series!" Elira Barnes (Goodreads Reviewer) "This was an amazing second book! All of Bethany's hard work paid off ten fold! I loved how all the relationships developed and all the animal moments. I especially love Rena and her quirky personality. She makes an amazing POV character." Andrea Roberts (Goodreads Reviewer) "Once again, Bethany Atazadeh takes some risks with this Little Mermaid retelling and mixes in a lot of original story and world elements, along with engaging characters to make it an intriguing and magical read that I was sad to see end." Janine (Goodreads Reviewer) "I loved finding out what happens next. I'm excited and am definitely going to read the third book.

Captivating story." HowExpert publishes quick 'how to' guides on all topics from A to Z by everyday experts. In this New York Times bestselling "imperative how-to for creativity" (Nick Offerman), Adam Savage—star of Discovery Channel's Mythbusters—shares his golden rules of creativity, from finding inspiration to following through and successfully making your idea a reality. Every Tool's a Hammer is a chronicle of my life as a maker. It's an exploration of making, but it's also a permission slip of sorts from me to you. Permission to grab hold of the things you're interested in, that fascinate you, and to dive deeper into them to see where they lead you. Through stories from forty-plus years of making and molding, building and breaking, along with the lessons I learned along the way, this book is meant to be a toolbox of problem solving, complete with a shop's worth of notes on the tools, techniques, and materials that I use most often. Things like: In Every Tool There Is a Hammer—don't wait until everything is perfect to begin a project, and if you don't have the exact right tool for a task, just use whatever's handy; Increase Your Loose Tolerance—making is messy and filled with screwups, but that's okay, as creativity is a path with twists and turns and not a straight line to be found; Use More Cooling Fluid—it prolongs the life of blades and bits, and it prevents tool failure, but beyond that it's a reminder to slow down and reduce the friction in your work and relationships; Screw Before You Glue—mechanical fasteners allow you to change and modify a project while glue is forever but sometimes you just need the right glue, so I dig into which ones will do the job with the least harm and best effects. This toolbox also includes lessons from many other incredible makers and creators, including: Jamie Hyneman, Nick Offerman, Pixar director Andrew Stanton, Oscar-winner Guillermo del Toro, artist Tom Sachs, and chef Traci Des Jardins. And if everything goes well, we will hopefully save you a few mistakes (and maybe fingers) as well as help you turn your curiosities into creations. I hope this book serves as "creative rocket fuel" (Ed Helms) to build, make, invent, explore, and—most of all—enjoy the thrills of being a creator. In June 1949 the Soviet state arrested seven farmers from the village of Bila Tserkva. Not wealthy or powerful, the men were unknown outside their community, and few had ever heard of their small, isolated village on the southwestern border of Soviet Ukraine. Nevertheless, the state decided they were dangerous traitors who threatened to undermine public order, and a regional court sentenced them to twenty-five years of imprisonment for treason. In To Make a Village Soviet Emily Baran explores why a powerful state singled out these individuals for removal from society. Bila Tserkva had to become a space in which Soviet laws and institutions reigned supreme, yet Sovietization was an aspiration as much it was a reality. The arrested men belonged to

a small and misunderstood religious minority, the Jehovah's Witnesses, and both Witnesses and their neighbours challenged the government's attempts to fully integrate the village into socialist society. Drawing from the case file and interviews with the families of survivors, Baran argues that what happened in Bila Tserkva demonstrates the sheer ambition of the state's plans for the Sovietization of borderland communities. A compelling history, *To Make a Village Soviet* looks to Bila Tserkva to explore the power and the limits of state control – and the possibilities created by communities that resist assimilation. Table of Contents Introduction It Is All His Fault! But I Married Too Young... Self-Justification Criticism and Contempt Escalation of the Situation The Silent Treatment Do NOT Bring Me Flowers Anymore The Importance of Physical Intimacy in a Successful Marriage Conclusion Author Bio Publisher Introduction All these years happily married and still going strong... Once while I was training under a psychologist, she told me that in her particular country, nobody had ever heard of marriage counseling, because the option of divorce, a couple splitting up was unheard of, in their culture, traditions, and upbringing. For them, marriage was a once-in-a-lifetime proposition, to be ended only after “till death do us part.” And even then, many partners did not marry again, because they still considered themselves married to their spouses, even after becoming a widow or widower. I also have been brought up in such a supposedly old-fashioned milieu, and society, naturally thanks to our upbringing, culture, and one may almost say old-fashioned traditions, for every one of us, marriage is once and forever, and never ever to be broken up under any circumstances. So it was with great surprise, that I began to see the trend of divorces gaining popularity, because that had become a modern fashionable option, and if so many people in the West were doing it, this was of course the best way of getting out of a partnership which one had begun considering to be a bit of a drag, and look for more exciting options elsewhere. Sadly enough, you are going to be surprised to know that statistics say that 27% of married American men are going to have an extramarital affair, just because it happened and they could not control it. Isn't it interesting to know that just three generations ago, their own grandparents considered extramarital affairs to be a thing of shame, not a thing of which a virtuous responsible father or husband did, and faithfulness was a part of his principles, upbringing, tradition, and culture. He believed in his marriage vows. And so did his wife. And using him as an example, his children followed in his steps. But then suddenly in the 70s, 80s, and 90s, it began to be fashionable to divorce and marry again, not understanding about the emotional, psychological, spiritual, physical, and mental trauma this would have on all the members of the family, parents, and children. Advancements in technology have made the process of making cartoons easy. A computer and some special softwares are all you need to get your feet in the industry. In this book, I will show you how you can make cartons without breaking the bank. You will find tips on creating characters, promotion, recording voices, and more. I'm sure you will like the book. Enjoy the reading.

Educating Students to Make-a-Difference covers a range of issues related to service learning, addressing the “who,” “why,” and “so what” of service-learning experiences. It provides information that will aid in the development of service-learning programs and courses. The in-depth studies on student volunteerism found in this book will show you how incorporating student service objectives into your curriculum can improve your students’ self-esteem and school involvement, as well as alleviate depression and problem behavior. *Educating Students to Make-a-Difference* will enhance your knowledge and understanding of volunteerism and its many benefits, showing you how to ignite the volunteer in each of your students. By encouraging volunteerism, you’ll increase your students’ problem-solving and leadership skills, as well as their awareness of social issues, and see the positive impact service learning has on students, faculty and the community. *Educating Students to Make-a-Difference* gives qualitative and quantitative assessments of attributes that predict volunteerism in student populations and the social values that are developed or enhanced as a consequence of service-learning experiences. You’ll learn about student predispositions and motivations for community service across a variety of student populations. In addition to promoting moral and social values, service-learning opportunities present educational benefits as well as benefits to personal and professional growth. You will see this as the book explores: the “who”, “why”, and “so what” of service learning educational benefits of service-learning opportunities self-esteem and self-efficacy faculty benefits comparisons between volunteers and nonvolunteers motivations and predispositions for student volunteerism selection and retention of student volunteers Your colleagues will want to borrow your syllabus after seeing the

results of your new community service incorporated class material. Educating Students to Make-a-Difference gives you the insight on student patterns and volunteerism and data to service learning activities that enhance your students' educational experiences. Table of Contents Preface Chapter 1: Characteristics of a Good Cover Chapter 2: Eat the Book Chapter 3: A Word on Colors & Fonts Chapter 4: Choosing Images Chapter 5: Best Software Chapter 6: Secrets to Great Covers Chapter 7: Unlock Your Creativity Chapter 8: Beginner Mistakes Conclusion About the Author Publisher Preface As a writer, you don't need to hunt for a publisher anymore. You can publish your books on your own. The landscape has changed so much over the years. And this has flooded the market with great books. However, the problem is that most of these books are published by writers with no designing experience. This ineptness shows on the cover. A cover is like a sign telling customers to get into your shop. If it is unattractive, it will only succeed in driving them away. And you will have losses, and go out of business. Research indicates that 74% of decisions to buy a book are based on the cover. So clearly, you must give it the attention it deserves. Otherwise, you will waste time writing words that will only be read by a handful of your audience. In this book, I will give you tips to make a great book cover. By following them, you can bet your work will get attention. Your ideas deserve to be read. And that starts with a good cover. So let's go discover how you can make one! A 104-page hardcover book containing about 100 Cajun and Creole recipes, plus old photos and interesting stories about the author's growing up in the Cajun country of south Louisiana. Recipes include Shrimp Bisque, Andouille & Black Bean Soup, Crawfish-Okra Gumbo, Smothered Okra, Stuffed Tomatoes, Eggplant & Rice Dressing, Stuffed Pork Chops, Chicken & Oyster Pie, Apple Cake, Roasted Pecans.
