About Oswaal Books: We feel extremely happy to announce that Oswaal

Books has been awarded as 'The Most Promising Brand 2019' by The Economic Times. This has been possible only because of your trust and love for us. Oswaal Books strongly believes in Making Learning Simple. To ensure student-friendly, yet highly exam-oriented content, we take due care in developing our Panel of Experts. Accomplished teachers with 100+ years of combined experience, Subject Matter Experts with unmatched subject knowledge, dynamic educationists, professionals with a keen interest in education and topper students from the length and breadth of the country, together form the coveted Oswaal Panel of Experts. It is with their expertise, guidance and a keen eye for details that the content in each offering meets the need of the students. No wonder, Oswaal Books holds an enviable place in every student's heart! Environmental Science Class XII Freesciencelessons is the most viewed GCSE Science channel on Youtube and has helped countless students to achieve or exceed their expectations in their GCSE Science exams. This is the companion workbook for the GCSE Combined Science Higher Biology 1 videos for the AQA specification. Written by Shaun Donnelly (who appears in every video), this book contains hundreds of questions to guide students through the course. Accompanied by detailed on-line answers, this is the perfect resource for every student following the AQA specification. Every topic is covered in depth, including all the required practicals. A specimen exam paper is also included, allowing students to check their progress across the subject. Whenever a student decides to prepare for any examination, her/his first and foremost curiosity is about the type of questions that he/she has to face. We feel great pleasure to present this book "Biology Olympiad Stage 1 - NSEB 9 year solved papers" before you. Wherein, we have made an attempt to provide year wise collection of questions asked in NSEB with answers and solutions to the majority of questions. Solutions to the questions have been written in such a manner that the students will be able to understand the application of the concepts and can answer some other related questions too. We firmly believe that the book in this form will definitely help a genuine, hardworking student. We have tried our best to keep errors out of this book however, comments and suggestions from the readers will be highly appreciated and incorporated in the subsequent editions. We wish to utilize the opportunity to place on record our special thanks to all members of the Content Development team for their efforts to make this wonderful book.
