Go back to the beginning as the critically acclaimed pop culture phenomenon Buffy The Vampire Slayer is reimagined under the guidance of series creator Joss Whedon. Eisner Award winner Jordie Bellaire (Redlands) and Russ Manning Award winner Dan Mora (Go Go Power Rangers, Hexed), along with series creator Joss Whedon (Marvel's The Avengers), bring Buffy into a new era with new challenges, new friends, and a few enemies you might already recognize. Commissioned by a vampire ancient to recover the coffin containing the body of the demonic Gilzen, hated even by his own kind, D travels to a frightening mountain landscape perennially shrouded in snow. Within a castle piercing the mountainside, D discovers a group of knights tasked to protect Gilzen at any cost. Karin's life seems to be going well, until the arrival of her grandmother, Elda Marker, who might not approve of the fact that Karin is not a normal vampire. "For thousands of years, the world has been controlled by the "50 Families"—a secret network of vampire covens engaged in a timeless struggle for power. But when the sun rises, vampires are forced to employ the services of a human who acts as their daytime fixer and protector. Trained for centuries to be the mortal soldiers of their vampire employers, the Day Men go forth at sunset alone into the world, to do the bidding of their sleeping benefactors."--Back cover of Volume 1 This volume follows two stories: one written by Scott Snyder and one written by legendary horror writer Stephen King. In Snyder's story set in 1920s LA, we follow Pearl, a young woman who is turned into a vampire and set out on a path of righteous revenge against the European vampires who tortured and abused her. This is paired with King's story, a western about Skinner Sweet, the original American Vampire—a stronger, faster creature than any vampire ever seen before. A new omnibus collecting the first three volumes of the Vampire Hunter D horror novel series! It is 12,090 A.D., thousands of years since the human race nearly destroyed itself in a nuclear war—a folly foreseen by those who waited to emerge out of the underground...not from shelters, but from crypts! The aristocratic vampire lords known as the Nobles inherited our world, and with dark science and immortal patience made real the things that mortals had merely dreamed, whether voyaging to the distant stars, or conjuring monsters to roam the Earth. Yet

grand civilization of the Nobles has grown decadent, and as the terrorized remnants of humanity at last found the strength to rebel, their undying lords have been pushed back to the Frontier--the violent borderlands where humans still remain the prey of vampires, who for all their knowledge and power have never lost their obsession with our living flesh, blood...and souls! In this bizarre and deadly far future the most dangerous thing of all is not a vampire, but the one who hunts them--the one who is half them--Dhampir, the unearthly beautiful wanderer known as D. The Vampire Hunter D Omnibus collects the first three novels in author Hideyuki Kikuchi's adventure horror series: Vampire Hunter D, Raiser of Gales, and Demon Deathchase. Illustrated by Final Fantasy artist Yoshitaka Amano, this book is only the beginning of a legend!
