Perennial New York Times and nationally bestselling author and acclaimed multiple-prize winner Laura Lippman delivers a brilliant novel about a woman with a secret life who is forced to make desperate choices to save her son and herself. When Hector Lewis told his daughter that she had a nothing face, it was just another bit of tossed-off cruelty from a man who specialized in harsh words and harsher deeds. But twenty years later, Heloise considers it a blessing to be a person who knows how to avoid attention. In the comfortable suburb where she lives, she's just a mom, the youngish widow with a forgettable job who somehow never misses a soccer game or a school play. In the state capitol, she's the redheaded lobbyist with a good cause and a mediocre track record. But in discreet hotel rooms throughout the area, she's the woman of your dreams—if you can afford her hourly fee. For more than a decade, Heloise has believed she is safe. She has created a rigidly compartmentalized life, maintaining no real friendships, trusting few confidantes. Only now her secret life, a life she was forced to build after the legitimate world turned its back on her, is under siege. Her once oblivious accountant is asking loaded questions. Her longtime protector is hinting at new, mysterious dangers. Her employees can't be trusted. One county over, another so-called suburban madam has been found dead in her car, a suicide. Or is it? Nothing is as it seems as Heloise faces a midlife crisis with much higher stakes than most will ever know. And then she learns that her son's father might be released from prison, which is problematic because he doesn't know he has a son. The killer and former pimp also doesn't realize that he's serving a life sentence because Heloise betrayed him. But he's clearly beginning to suspect that Heloise has been holding something back all these years. With no formal education, no real family, and no friends, Heloise has to remake her life—again. Disappearing will be the easy part. She's done it before and she can do it again. A new name and a new place aren't hard to come by if you know the right people. The trick will be living long enough to start a new life. This book is the first complete study of the translations of Machiavelli's Prince made in Europe and the Mediterranean countries during the period from the sixteenth to the first half of the nineteenth century: the first, unpublished French translation by Jacques de Vintimille (1546), the first Latin translation by Silvestro Tegli (1560), as well as the first translations in Dutch (1615), German (1692), Swedish (1757) and Arabic (1824). The first translation produced in Spain - dated somewhere between the end of the sixteenth and the early seventeenth century - remained in manuscript form, while there was a second vernacular Spanish version around 1680. The situation in Great Britain was different from the rest of Europe, as it could boast four manuscript translations by the end of the sixteenth century. When Steven Glass's third grade teacher asked his class what they wanted to be when they grew up, Steven's classmates shouted the usual answers: "A fireman!" "A teacher!" "The President!" When his turn came, Steven said, "When I grow up I'm going to be the last man on Earth." Warning signs don't come much clearer than that. A blistering firsthand account of the conflict in Homs by the internationally acclaimed author of *The Kindly Ones* "We fight for our religion, for our women, for our land, and lastly to save our skin. As for them, they're only fighting to save their skin." In 2012, Jonathan Littell traveled to the heart of the Syrian uprising, smuggled in by the Free Syrian Army to the historic city of Homs. For three weeks, he watched as neighborhoods were bombed and innocent civilians murdered. His notes on what

he saw on the ground speak directly of horrors that continue today in the ongoing civil war. Amid the chaos, Littell bears witness to the lives and the hopes of freedom fighters, of families caught within the conflict, as well as of the doctors who attempt to save both innocents and combatants who come under fire. As government forces encircle the city, Littell charts the first stirrings of the fundamentalist movement that would soon hijack the revolution. Littell's notebooks were originally the raw material for the articles he wrote upon his return for the French daily *Le Monde*. Published nearly immediately afterward in France, *Syrian Notebooks* has come to form an incomparable close-up account of a war that still grips the Middle East—a classic of war reportage. What if you could do it all over again? Jennifer Wright is pretty sure her husband doesn't love her anymore. She and Max used to be the perfect couple, but the pressures of work and kids have pulled them in opposite directions. Now, Jen is full of "what if" questions about whether her bland, suburban existence is all she was ever destined for. When a terrible accident sends Jen into a coma, she is able to see what her life could have been if she had run off to Australia with the handsome, dangerous man she met on vacation in her twenties, or if she had stayed with her workaholic college boyfriend. Would she ever have loved another child as much as she loves her daughters? Could she have become rich? More than anything, Jen wants to do the right thing for her family. But what she discovers may leave her with even more questions about the choices she's made, and no easy answers about what to do next. Relying on previously undisclosed confessions of former mafia members now cooperating with the police, Letizia Paoli provides a clinically accurate portrait of mafia behavior, motivations, and structure in Italy. The mafia, Paoli demonstrates, are essentially multifunctional ritual brotherhoods focused above all on retaining and consolidating their local political power base. A truly interdisciplinary work of history, politics, economics, and sociology, *Mafia Brotherhoods* reveals in dramatic detail the true face of one of the world's most mythologized criminal organizations. The town of Lake Wobegoton, MN is a small town, filled with ordinary (yet above average) people, leading ordinary lives. Ordinary, that is, until the dead start coming back to life, with the intent to feast upon the living! Now this small town of above average citizens must overcome their petty rivalries and hidden secrets in order to survive an onslaught of the dead. On January 6, 1537, Lorenzino de' Medici murdered Alessandro de' Medici, the duke of Florence. This episode is significant in literature and drama, in Florentine history, and in the history of republican thought, because Lorenzino, a classical scholar, fashioned himself after Brutus as a republican tyrant-slayer. *Wings for Our Courage* offers an epistemological critique of this republican politics, its invisible oppressions, and its power by reorganizing the meaning of Lorenzino's assassination around issues of gender, the body, and political subjectivity. Stephanie H. Jed brings into brilliant conversation figures including the Venetian nun and political theorist Archangela Tarabotti, the French feminist writer Hortense Allart, and others in a study that closely examines the material bases—manuscripts, letters, books, archives, and bodies—of writing as generators of social relations that organize and conserve knowledge in particular political arrangements. In her highly original study Jed reorganizes republicanism in history, providing a new theoretical framework for understanding the work of the scholar and the social structures of archives, libraries, and erudition in which she is inscribed. Meredith Maran lived a daughter's nightmare: she accused her father of sexual abuse, then realized, nearly too late, that he was innocent. During the 1980s and 1990s, tens of thousands of Americans became convinced that they had repressed memories of childhood sexual abuse, and then, decades later, recovered those memories in therapy. Journalist, mother, and daughter Meredith Maran was one of them. Her accusation and estrangement from her father caused her sons to grow up without their only grandfather, divided her family into those who believed her and those who didn't, and led her to isolate herself on "Planet Incest," where "survivors" devoted their lives, and life savings, to recovering memories of events that had never occurred. Maran unveils her family's devastation and ultimate redemption against the backdrop of the sex-abuse scandals, beginning with the infamous McMartin preschool trial, that sent hundreds of innocents to jail—several of whom remain imprisoned today. Exploring the psychological, cultural, and neuroscientific causes of this modern American witch-hunt, *My Lie* asks: how could so many people come to believe the same lie at the same time? What has neuroscience discovered about the brain's capacity to create false memories and encode false beliefs? What are the "big lies" gaining traction in American culture today—and how can we keep them from taking hold? *My Lie* is a wrenchingly honest, unexpectedly witty, and profoundly human story that proves the personal is indeed political—and the political can become painfully personal. The school year is finished, exams are over and summer stretches before seventeen-year-old Federico, full of promise and opportunity. But then he accepts a request from one of his teachers to help out at a youth

club in the destitute Sicilian neighbourhood of Brancaccio. This narrow tangle of alleyways is controlled by local mafia thugs, but it is also the home of children like Francesco, Maria, Dario, Totò: children with none of Federico's privileges, but with a strength and vitality that changes his life forever. Written in intensely passionate and lyrical prose, *What Hell Is Not* is the phenomenal Italian bestseller about a man who brought light to one of the darkest corners of Sicily, and who refused to give up on the future of its children. WINNER OF THE 2022 NOBEL PRIZE IN LITERATURE Shortlisted for the 2019 Man Booker International Prize Considered by many to be the iconic French memoirist's defining work and a breakout bestseller when published in France in 2008 *The Years* is a personal narrative of the period 1941 to 2006 told through the lens of memory, impressions past and present—even projections into the future—photos, books, songs, radio, television and decades of advertising, headlines, contrasted with intimate conflicts and writing notes from 6 decades of diaries. Local dialect, words of the times, slogans, brands and names for the ever-proliferating objects, are given voice here. The voice we recognize as the author's continually dissolves and re-emerges. Ernaux makes the passage of time palpable. Time itself, inexorable, narrates its own course, consigning all other narrators to anonymity. A new kind of autobiography emerges, at once subjective and impersonal, private and collective. On its 2008 publication in France, *The Years* came as a surprise. Though Ernaux had for years been hailed as a beloved, bestselling and award-winning author, *The Years* was in many ways a departure: both an intimate memoir "written" by entire generations, and a story of generations telling a very personal story. Like the generation before hers, the narrator eschews the "I" for the "we" (or "they", or "one") as if collective life were inextricably intertwined with a private life that in her parents' generation ceased to exist. She writes of her parents' generation (and could be writing of her own book): "From a common fund of hunger and fear, everything was told in the "we" and impersonal pronouns." Co-winner of the 2018 French-American Foundation Translation Prize in Nonfiction Winner of the 2017 Marguerite Yourcenar Prize for her entire body of work Winner of the 2016 Strega European Prize A day in the life of a suicidal teen boy saying good-bye to the four people who matter most to him. The desire for change drives Willa Kirk from St. John's, Newfoundland back to her hometown of Smiths Falls, Ontario, away from her mistakes and the place where her sister died. She's looking for a place to settle and rebuild, but Jem Harper just wants to get out of town, back to the life he knew before cancer. By letting the tragedies in their lives define them, they are both dying a little more every day. Welcome to the wake. This text focuses on various factors associated with orphan diseases and the influence and role of health information technologies. Orphan diseases

have not been adopted by the pharmaceutical industry because they provide little financial incentive to treat or prevent it. It is estimated that 6,000-7,000 orphan diseases exist today; as medical knowledge continues to expand, this number is likely to become much greater. The book highlights the opportunities and challenges in this increasingly important area. The book explores new avenues which are opened by information technologies and Health 2.0, and highlights also economic opportunities of orphan disease medicine. The editors of this new book have international experience and competencies in the key areas of patient empowerment, healthcare and clinical knowledge management, healthcare inequalities and disparities, rare diseases and patient advocacy. This book is the first dedicated volume of academic analysis on the monumental work of Elena Ferrante, Italy's most well-known contemporary writer. The Works of Elena Ferrante: Reconfiguring the Margins brings together the most exciting and innovative research on Ferrante's treatment of the intricacies of women's lives, relationships, struggles, and dilemmas to explore feminist theory in literature; questions of gender in twentieth-century Italy; and the psychological and material elements of marriage, motherhood, and divorce. Including an interview from Ann Goldstein, this volume goes beyond "Ferrante fever" to reveal the complexity and richness of a remarkable oeuvre.

IN THE ENCLAVE, YOUR SCARS SET YOU APART, and the newly born will change the future. In the future, in a world baked dry by the harsh sun, there are those who live inside the walled Enclave and those, like sixteen-year-old Gaia Stone, who live outside. Following in her mother's footsteps Gaia has become a midwife, delivering babies in the world outside the wall and handing a quota over to be "advanced" into the privileged society of the Enclave. Gaia has always believed this is her duty, until the night her mother and father are arrested by the very people they so loyally serve. Now Gaia is forced to question everything she has been taught, but her choice is simple: enter the world of the Enclave to rescue her parents, or die trying. A stunning adventure brought to life by a memorable heroine, this dystopian debut will have readers racing all the way to the dramatic finish.

Analyzes the political process in Argentina. A small town... a plucky heroine, a shiny vampire, and a hunky Native American rival with a secret. But all is not as it seems in Lake Wobegotten. Let Harrison Geillor reveal what lies beneath the seemingly placid surface. You'll Laugh. We promise. When Bonnie Grayduck relocates from sunny Santa Cruz California to the small town of Lake Wobegotten, Minnesota, to live with her estranged father, chief of the local two-man police department, she thinks she's leaving her troubles behind. But she soon becomes fascinated by another student — the brooding, beautiful Edwin Scullen, whose reclusive family hides a terrible secret. (Psst: they're actually vampires. But they're the kind who don't eat people, so it's okay.) Once Bonnie realizes what her new lover really is, she isn't afraid. Instead, she sees potential. Because while Bonnie seems to her friends and family to be an ordinary, slightly clumsy, easily-distracted girl, she's really manipulative, calculating, power hungry, and not above committing murder to get her way — or even just to amuse herself. This is a love story about monsters... but the vampire isn't the monster.

Since the car crash that took her father's life three years ago, Emma's life has been a freaky—and unending—lesson in caution. Surviving "accidents" has taken priority over being a normal seventeen-year-old, so Emma spends her days taking pictures of life instead of living it. Falling in love with a boy was never part of the plan. Falling for a reaper who makes her chest ache and her head spin? Not an option. It's not easy being dead, especially for a reaper in love with a girl fate has put on his list not once, but twice. Finn's fellow reapers give him hell about spending time with Emma, but Finn couldn't let her die before, and he's not about to let her die now. He will protect the girl he loves from the evil he accidentally unleashed, even if it means sacrificing the only thing he has left...his soul. In this companion novella to Wake, Frank invites the Kirk family home to Smiths Falls for Thanksgiving weekend. Holidays are always a trial for the family that lost their daughter and sister, but Frank is hopeful that this Thanksgiving will be the exception. He has some happy news to share. If only he wasn't so reluctant to talk about it. "Few decisions in life should be more personal than the choice of a spouse or lover. Yet, throughout history, this intimate experience has been subjected to painstaking social and religious regulation in the form of legislation and restraining social mores." With that statement, Asunción Lavrin begins her introduction to this collection of original essays, the first in English to explore sexuality and marriage in colonial Latin America. The nine contributors, including historians and anthropologists, examine various aspects of the male-female relationship and the mechanisms for controlling it developed by church and state after the European conquest of Mexico and Central and South America. Seldom has so much light been shed on the sexual behavior of the men and women who lived there from the sixteenth to the eighteenth century. These chapters examine the variety of sexual expression in different periods and among persons of

different social and economic status, the relations of the sexes as proscribed by church and state and the various forms of resistance to their constraints, the couple's own view of the bond that united them and of their social obligations in producing a family, and the dissolution of that bond. Topics infrequently explored in Latin American history but discussed here include premarital relations, illegitimacy, consensual unions, sexual witchcraft, spouse abuse, and divorce. Lavrin's opening survey of the forms of sexual relationships most discussed in ecclesiastical sources serves as a point of departure for the chapters that follow. The contributors are Serge Grunzinski, Ann Twinam, Kathy Waldron, Ruth Behar, Susan Socolow, Richard Boyer, Thomas Calvo, and María Beatriz Nizza da Silva. Asunción Lavrin is a professor of history at Arizona State University at Tempe. Her 1995 book, *Women, Feminism, and Social Change in Argentina, Chile, and Uruguay, 1890-1940*, won the Arthur P. Whitaker Prize from the Middle Atlantic Council on Latin American Studies. The first book in a new series starring an acting teacher with a surprising talent. Decker Roberts has the dangerous gift of detecting the truth. For years this talent proved to be a lucrative side line to his acting teaching. Only his closest friends know, and he keeps his identity secret from the companies that pay him to tell them if the people they are planning to hire are truthful. But Decker's carefully compartmentalized life starts to fall apart. He realized that he must have heard something in one of his "truth telling" sessions that someone didn't want him to know. Decker has to go on the run and figure out why he's been targeted. There's also a government agent hunting him who seems to know absolutely everything about Decker Roberts' identities—real and false—and other people of "his kind." You'd think life couldn't get much worse than being arrested on prom night. But you'd be wrong. No friends. My two besties, Cassie and Lila, are now officially parentally banned. No summer of freedom. Instead, I'll be working at a convenience store, earning money just so I can cover bail. No future. Just a series of humiliating "rehabilitation techniques" designed to teach me a lesson. The only silver lining is Aaron—a mystery wrapped in a leather jacket and wielding car keys—who just happens to show up right when I need him. Now I only feel alive when we're driving together, the wind in my hair. Maybe finally getting a life only happens once you think your life is over. After class placements were decided, the school's two infamous 'problem youth' not only shared the same class, but the same desk. They're clearly good at studies, but pretend to be slackers. Fakers from head to toe who just keep walking farther down the path of their performance. Hear on the grapevine about the two big brothers who always fight over the last place in class. Basically, this is a serious comedy. About the little matters of growing up. Don't miss *The Summer Getaway* by Susan Mallery where one woman discovers the beauty in chaos in a poignant and heartwarming story about the threads that hold family together. Between the Highlander and Fever worlds lies a place beyond imagining. This new edition of the novella contains more than 100 pages of bonus material, including: • a deleted scene from *Kiss of the Highlander* • a proposal for a never-published romance • an alternate opening version of *The Dark Highlander* • a sneak peek at art from the upcoming graphic novel *Fever Moon* For the first time in hardcover, here is #1 New York Times bestselling author Karen Marie Moning's novella *Into the Dreaming*, a tale of Highland fantasy, star-crossed lovers, and the timeless manipulation of the ancient, immortal Unseelie king. This is Moning at her romantic, funniest finest. Free him from his ice-borne hell . . . Stolen from his beloved home in the Highlands of Scotland, imprisoned in the Unseelie king's dark, frosty kingdom, Aedan MacKinnon endured centuries of torture before becoming the icy, emotionless Vengeance, the dark king's dispatcher of death and destruction in the mortal realm. And in his century you both may dwell . . . Aspiring romance novelist Jane Sillee has always believed that she was born in

the wrong century, but she's managed to make a decent enough life for herself—if only she could stop having those recurring dreams about a man too perfect to exist. In the Dreaming you have loved him . . . Haunted every night of her life by a devastatingly sexy Highlander who comes to her while she sleeps, Jane tries to write him out of her head and heart. As a child he protected her, as a woman he loves her. Now in the Waking you must save him . . . When an ancient tapestry bearing the likeness of her beloved Highlander arrives on her doorstep, Jane is whisked back in time to fifteenth-century Scotland, to the castle of Dun Haakon on the isle of Skye, where she is given one chance to save her dream lover . . . or lose him forever to the Unseelie king. Caught in a deadly game between the light and dark courts of the Fae, Jane must find a way through the ice to the heart of her Highlander. But will the love of one mortal woman be enough to defeat such ancient and ruthless immortal enemies? These are the things that I've always wanted: To get the top grades in my class. To make my grandmother proud. And most of all, proof that I could succeed where the rest of my family had not: a Stanford acceptance letter, early admission. My mother and my sister were obsessed with boys and love and sex. So obsessed that they lost sight of their futures, of what they wanted. And in the end, they lost everything. I'll never let a boy distract me. I promised myself that. But that was before Tate. Before the biggest pop star on the planet took an interest in me. Before private planes and secret dates and lyrics meant for me alone. There's so much I don't know. Like why he left music. Where he goes when we're not together. What dark past he's hiding. But when we kiss, the future feels far away. And now...I'm not sure what I want. A remote 18th-century Hungarian castle is the setting for a dramatic meeting. Forty-one years after a tragic event two former friends must confront each other in a devastating bid to lay the past to rest. Betrayal, love, truth and friendship all come to the fore in this unforgettable play based on Sndor Mrai's bestselling novel. Embers premiered at the Duke of York's Theatre in London's West End in February 2006. Ever since the one time Andie Weber threw caution to the wind - and paid the price for it - she's learned that it's safer and smarter to live life playing by the rules. Now she's got a great apartment, a steady job, and a wonderful boyfriend in Colin; he's sweet, stable, and essentially perfect – except maybe for the fact that his best friend is Chase. Chase McGuire lives his carefree, unstructured life strictly for himself. Dripping sarcasm and oozing wit, he refuses to censor his feelings or opinions for anyone, making no apologies for either and wearing his abrasiveness like a badge of honor. No one has ever gotten under Andie's skin the way Chase does – and vice versa. So when Andie and Chase find themselves forced to take a two-day road trip together, they are already dreading an inevitable all-out war. But as the trip progresses, and the undeniable friction that has always defined their relationship slowly begins to wear away their preconceived notions of each other, Andie and Chase discover they both have a lot to learn about life, courage, happiness, and the age-old battle between logic and love. Nowadays thousands of grammar books, textbooks, outlines, references and language guides of Spanish, Portuguese, Italian and French are published year by year. However, all of them teach these languages separately. Here you will find a comparative grammar of the four major Romance languages together based on their grammatical and lexical similarities for you, lovers of foreign languages, to learn and compare Spanish, Portuguese, Italian and French simultaneously. It is an audacious endeavor to find or create a novel way of learning to speak several languages and becoming a multilingual person. It took me over 3 years to finish the book. It consists of over 800 pages, 10 chapters covering all the grammatical aspects of these 4 languages. It includes over 1000 examples, 500 easy-to-follow charts and tables. It contains 138 geographical, historical and cultural facts about Spanish, Portuguese, Italian and French countries. Below I will discuss several reasons why I decided to write this book and why you need it. 1) First of all, this book is written for readers like you who are fond of or would like to learn Spanish, Portuguese, Italian and French simultaneously or just to get an all-round knowledge of all these four Romance languages. It is designed not only for beginners who do not have an extensive knowledge of grammar, yet need a guide through the grammatical concepts of all mentioned above languages, but also intermediate and advanced students who would like to have a reference book of several Romance languages at once. 2) Second of all I spent many years learning these languages separately, which was a complete waste of time before I realized it. This book will hopefully save you a great deal of time and allow you to study and compare at a glance the four main Neo-Latin languages. 3) Knowledge of foreign languages is fast becoming a necessary requirement for those who are involved in international business, tourism, culture and education. This book offers you four languages to learn, which will make you feel at homewherever you go, whether as a tourist or businessman. 4) Learning several languages simultaneously or one by one will train and

strengthen your memory and can help stave off such terrible diseases as Alzheimer's.)⁵ If you have never studied several languages at once before and you like challenges, then you should definitely try it. Because it is a really entertaining and challenging task to do. In conclusion, I would like to sincerely thank you for preordering the book and your interest in it. I hope it will help you improve your languages and become multilingual. "Jason Gurley will be a household name one day." – Hugh Howey
