core taxes, you will need to study inheritance tax, stamp taxes  
and trusts for the first time. In this paper you will also be  
expected to comment on ethical issues. In Paper P6 all of the  
questions set will be scenario type questions as opposed to the

emphasis of the questions will be on the interpretation of a given  
situation. You may need to propose alternative strategies and  
compare and contrast the results. Marks will be specifically

awarded in the examination for the demonstration of effective communication skills. You will also need to demonstrate that you are aware that there may be non-tax matters that should be taken into account. BPP Learning Media's P6 FA2008 Practice and Revision kit allows you to do just this. The Practice and Revision kit is new and has been specifically written for this paper. At the roots of these violent conflicts are the genuine quests of the people for sustainable development that is based on social justice, equity, fairness and environmental protection. Although richly endowed, the region is hopelessly poor. This paradox of poverty in the midst of plenty has been attributed to a myriad of factors ranging from Nigeria's centralized federalism, to ethno-regional domination, corruption, poor governance, and oil-related environmental degradation. Development in the Niger Delta is vital not only to the stability and prosperity of Nigeria, but also to global energy security. This book provides unique insights into the challenges of development and peace building in the Niger Delta, and insights into other resource-rich but poverty-stricken, conflict-prone regions of the world.
